

ALL-IN-ONE WOODWORKING WORKSTATION

The plans contained herein are for the **Woodshop Junkies** *All-In-One Woodworking Workstation* as designed, built, and used by Jean from Woodshop Junkies YouTube channel.

They have been assembled in the same manner as the bench was built, in stages. This was done to make them easier to follow.

The dimensions on these plans have been developed specifically for use with the equipment and tools he uses.

No long term tests have been done to determine the effects of using and storing tools and power tools as they are stored and used on this bench. Therefore, the use of these plans are done entirely at the users own risk.

Jean and Woodshop Junkies accept no responsibility or liability for any damage or injury suffered due to any form of use of these plans.

ALWAYS WORK SAFE AND FOLLOW THE SAFETY INSTRUCTIONS AS SET OUT IN THE USER MANUALS OF YOUR EQUIPMENT.

Stage 1 – Frame

In stage 1 the frame was assembled.

Stage 2 – Adding Table Saw

In stage 2 the table saw was added.

It was added on a bed that allowed for small height adjustments.
