

On-The-Go Spray Paint Storage

Included here are the plans I developed and followed to make the Woodshop Junkies *On-The-Go Spray Paint Storage*. The storage unit was designed to be suspended from my *French-Cleat* wall and provide easy access to stored paints. It can also be removed from its mounting and used at other locations.

To see my build procedure you can review the build video:

<https://youtu.be/gJXSV3ZOU04>

My *On-The-Go Spray Paint Storage* works great for me but I cannot guarantee your satisfaction.

No long term test have been done to determine the effect of using and storing spray paint as they are used and stored using this storage method.

I am NOT a professional woodworker or qualified engineer and these plans do not constitute professional advice of any kind. They are made available purely for entertainment and information purposes.

The use of these plans is done entirely at the user's own risk.
Woodshop Junkies will not accept any responsibility or liability for any damage or injury incurred due to any form of use of these plans.

ALWAYS WORK SAFE AND FOLLOW THE SAFETY INSTRUCTIONS AS SET OUT IN THE USER MANUALS OF YOUR EQUIPMENT.
